Governors Disperse Haze Around Stadium Car Park

The Board of Governors met on 5 October. Among the items on the non-confidential portion of the agenda were the following:

Stadium Car Park

Stadium Car Park's stock will rise again but it's going to take time and money. The Board approved the spending of up to \$1,595,000 for "major structural renovations" to the parkade.

The estimated starting and completion dates are 29 October and 15 February 1985, respectively.

The repair work will "fully restore" Stadium's structural integrity and allow continued use of the facility.

Lamb McManus Associates Ltd. is the prime consultant for the renovations.

The alternative of demolishing Stadium Car Park and building a new parkade on the same site was considered by the Board Building Committee and rejected as being three or four times as costly as renovating.

Stadium Car Park has been closed since late August.

In other news pertaining to the Building Committee, monies not to exceed \$12,240,000 will be allocated for major renovations to the Earth Sciences Building. The Departments affected are Entomology, Geology and Soil Science. Alberta Advanced Education earlier approved a total grant of \$11.2 million for the renovations. Work has been in progress since 1981; the acquisition of funds to complete renovations to departmental spaces and building systems has brought about a time frame of April 1984 to December 1988.

Approval was given for the building of field staff housing (a total of five new houses) at the Edmonton Research Station. "Staff" means employ-

ees of the Department of Animal Science and Plant Science.

Computer Workstation Fee to be Levied

A fee of \$20 per registration per term of MTS terminals, microcomputers and PLATO terminals will be charged with the advent of the 1985-86 Winter Session. The fee, which will be collected by Computing Services, is subject to the following conditions: (a) that registrations for small usage be exempted, where "small usage" is defined as five hours per term or less; (b) that a maximum charge of \$40 per student per term be levied; (c) that the matter of Miscellaneous Charges be the subject of continuing study by the University administration, with a view to developing a comprehensive revised policy by the 1986-87 academic year.

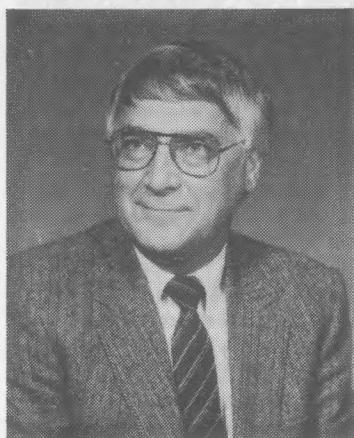

R.D. Bercov, Associate Vice-President (Academic), said the fee will cover increased operating costs of new computer facilities coming on stream in January 1985.

Notification of the fee will be placed in the appropriate sections of the *Calendar*.

New Dean of Engineering

The Educational Affairs Committee announced that F.D. Otto will start a four-year term as Dean of the Faculty of Engineering on 1 January 1985. Dr. Otto, formerly Chairman of the Department of Chemical Engineering, received his baccalaureate and master's degrees from this University and his PhD from the University of Michigan. A native of Hardisty, Alberta, Dr. Otto joined Alberta's academic staff in 1962 and achieved the rank of Full Professor in 1970. His professional experience lies in environmental engineering, production of heavy wa-

ter and research in hydrocarbons. He was elected a Fellow of the Chemical Institute of Canada in 1975.

F.D. Otto

Outreach Programs

The Governors approved the Educational Affairs Committee's recommendation that "the central administration consider further ways and means of improving University outreach programs, in particular, those programs which would be likely to

benefit the University as a whole."

The Board had taken into account a survey, prepared by the Office of Community Relations, that covered a full range of University-sponsored events outside Edmonton, that is, non-professional activities in northern Alberta outside of metropolitan Edmonton, and a rundown of what eight other Canadian universities, including the Universities of British Columbia, Calgary and Toronto, are doing in the outreach area.

New Governor

J. A. Scott participated in his first meeting as a member of the Board. Dr. Scott was appointed by the Minister of Advanced Education for a three-year term. A native Edmontonian, he attended the University of Alberta, receiving a BA in 1966 and a DDS in 1974. In addition to his general dental practice, he is a clinical instructor in the Faculty of Dentistry.

Dr. Scott, who will sit on the Board Building Committee, has served as President of the University's Dental Alumni Association since 1978.

Continued on page two

White Paper to be Discussed on Campus

Members of the University community are invited to take advantage of a unique opportunity. Keith Alexander, MLA and Chairman of the Public Hearings on the provincial government's recent White Paper, will be on campus 1 November. From 3 to 5 p.m. in 2-7 Humanities Centre, Mr. Alexander will meet with staff and students.

Since audience size will be limited,

please telephone the Faculty of Extension, 432-2222, to register for the session. Early registration is advised since participants will be sent a copy of the White Paper and the University's response to same. It is anticipated that these documents will be used as core content for discussion purposes.

There will be no charge for the seminar. □

Other Items

In his oral report to the Board, President Horowitz touched on registration figures. As of the end of September, 28,029 students, including 3,986 part-time students, had registered. The numbers reflect an increase of 741 full-time students and 18 part-time students. The percentage increase over last year's total is 3.2 percent.

The largest increases, Dr. Horowitz reported, were in Agriculture (8.1 per-

cent), Rehabilitation Medicine (7.9 percent), Arts (7.8 percent), Physical Education and Recreation (6.7 percent), and the Faculté Saint-Jean (5.7 percent).

As regards admission for January 1985, Dr. Horowitz said it was highly likely that everyone with an average of 65 percent or higher would be admitted. The target of 4,500 new first year students can be accommodated comfortably; beyond January 1985, Vice-President Meekison feels that, based on experience, there will not be

a need to deviate from the 65 percent cutoff, Dr. Horowitz said.

He made reference to the recent opening of the International Student Centre and the inaugural meeting of the Parents' Association of the University of Alberta (50 people were expected, 500 showed up). The aim of the Association is to promote greater parental awareness—and support for—the activities of the University. Membership is free and open to anyone with a son or daughter registered at the University.

Success also called on Homecoming '84. Some 1,000 graduates, including seven Diamond (1924) grads, returned to their alma mater on the last weekend of September. Jean Mucha, reporting on behalf of the Alumni Association, said that Eric Geddes, former Chairman of the Board of Governors, will be presented the Alumni Golden Jubilee Award at Fall Convocation on 17 November, and that new Alumni Branches will be opening in Winnipeg and Halifax. □

Avadh Behari Bhatia, 1921 - 1984

A.B. Bhatia died at the age of 63 on 27 September after a long illness. Dr. Bhatia was born in India and received his early education there. He entered the University of Allahabad and was awarded BSc (1940), MSc and DPhil degrees, the last in 1946 under the supervision of K.S. Krishnan. In 1947, having received an 1851 Exhibition Overseas Scholarship, he went to the University of Liverpool and there, for work done with H. Frölich, he was granted a PhD degree. He also spent some time in the University of Bristol where he was a research scholar with N.F. Mott's group.

In 1952, with an ICI Fellowship, he

moved to the University of Edinburgh where he continued his research work under Max Born. Dr. Bhatia came to Canada in 1953 with the award of a National Research Council Fellowship and after staying two years in the NRC laboratories in Ottawa he accepted a position in the Physics Department of the University of Alberta where he remained for the rest of his life. He became Professor of Physics in 1960 and for five years (1964 to 1969) he was the Director of the Theoretical Physics Institute.

Bhatia and Krishnan pioneered the calculation of the electronic transport properties which in later years formed the basis for the pseudopotential theory of electronic scattering in metals. He also contributed to the theory of diffraction of light by ultrasonic waves, and wrote a chapter on this topic in the classic work of M. Born and E. Wolf, *Principles of Optics*. In the early '70s, Dr. Bhatia, with the help of a number of collaborators, started a very detailed formulation of the structure factors for multi-component liquid alloys. This work has now become the standard in this field.

In the past few years, collaborating with N.H. March of Oxford University, he studied the surface properties of liquid alloys; this joint work has contributed in a significant way to the understanding of the physics of the liquid alloys. Dr. Bhatia's contributions were not limited to the physics of condensed matter and ultrasonic waves, but in addition to his papers on mathematical physics (e.g., properties of Zernike polynomials), between 1949 and 1952 he did some pioneering work in theoretical nuclear

physics. His work on the scattering of polarized neutrons by a proton gas was done independently and at the same time as the celebrated work of L. Wolfenstein. This work was followed by a novel and simple explanation of the angular distribution of the stripping reactions, a work which he did in collaboration with his colleagues at the University of Liverpool. Later, in Alberta, working with Sood and Trainor he proposed an alternative method to the Fermi gas model of nuclear matter, by applying the Wigner-Seitz theory to a quasi-lattice model of nuclear matter.

In addition to writing a chapter in the *Principle of Optics*, Dr. Bhatia assisted Max Born in revising Born and Huang's other well-known treatise, *Dynamical Theory of Crystal Lattices*. His own book, *Ultrasonic Absorption* (Oxford University Press 1967), is an astute, authoritative exposition of every aspect of the theory and a cornerstone for anyone who may wish to study this subject. A second book, based on Bhatia's lectures on the mechanics of deformable media written in collaboration with R. Singh, is nearly complete and will be published posthumously.

Among his honors, Dr. Bhatia was elected a Fellow of the Royal Society of Canada in 1962, and a Fellow of the American Physical Society in 1966. The Fifth International Conference on Liquids and Amorphous Metals in 1983 was dedicated to four distinguished scientists, among them Dr. Bhatia, whose work was cited as a significant contribution in this field. Among other honors he was awarded a Senior Visiting Fellowship by the Science Research Council of U.K. in

A.B. Bhatia

1978 and a McCalla Research Professorship by the University of Alberta in 1984.

The University community mourns Dr. Bhatia's death, but takes comfort in knowing that his contributions will live as well as the memory of his kindness and charming modesty. □

Is Public Administration in Chaos? IPAC Conference to Provide Some Insights

The Faculty of Extension is co-sponsoring the fourth annual (Institute of Public Administration of Canada) IPAC Alberta Regional Conference 29 and 30 October at the Westin Hotel.

The conference, entitled "Public Administration in Chaos?", will provide some insights into the whys and wherefores and provide a platform for public administrators to re-evaluate management needs and responsibilities in a time of recession, depression, decreases in revenue and employment cutbacks.

Specific attention will be drawn to three main topics that emerge from the conference's title: the Environment (political, economic, and legal aspects), the Human Element (how those employed in the public sector are adjusting), and the Management

Implications.

Resource personnel include practitioners, academics and other commentators who are familiar with public sector management. Among the keynote speakers are Rodney Schneck, Business; Les Kennedy, Sociology; and Brian Williams, Business.

The conference will be of special interest to senior and middle managers employed by federal, provincial and municipal government departments and agencies, colleges and universities, and the non-profit sector.

The fee for the conference is \$195 for IPAC members and \$225 for non-members. It includes lunches on Monday and Tuesday, coffee breaks and two receptions (cash bar). To register, contact Lorene Collins, IPAC Conference Committee, Faculty of Extension, 228 Corbett Hall. □

Third International Symposium on Romanticism: Romantic Poetry: Theory & Practice

Program

Friday, 19 October

9:00 a.m.	<i>Edward D. Blodgett</i> (University of Alberta) Opening remarks
9:05 a.m.	<i>Elinor Shaffer</i> (East Anglia) "The Concept of the 'Romantic Movement'"
9:35 a.m.	<i>Ernst Behler</i> (University of Washington) "The Place of the Lyric in the Romantic Theory of Genre."
10:05 a.m.	<i>Hans Eichner</i> (University of Toronto) "Romantic Poetry, Friedrich Schlegel's Theories and Romantic Practice."
10:35 a.m.	COFFEE
10:50 a.m.	<i>Walter Moser</i> (Université de Montréal) "La totalisation poétique de tous les savoirs."
11:20 a.m.	<i>Cyrus Hamlin</i> (Yale University) "Mirroring the Mind: Hermeneutical Reflectivity in Romantic Poetry."
noon	LUNCH
2:00 p.m.	<i>Patricia Ward</i> (The Pennsylvania State University) "Toward a Poetics of Temporality in the Romantic Lyric."
2:30 p.m.	<i>Lilian Furst</i> (University of Texas) "The Romantic Treatment of a Romantic Theme."
3:00 p.m.	COFFEE
3:15 p.m.	<i>Tilottama Rajan</i> (Queen's University) "Hegel, Kierkegaard and the Hermeneutics of the Canon."
3:45 p.m.	<i>George Bisztray</i> (University of Toronto) "Scandinavian Romantic Poetry."
8:00 p.m.	Wine and Cheese party at Lister Hall, Map Room, to honor the participants of the Symposium and mark the official opening of the Research Institute of Comparative Literature/Institut de Recherches en Littérature Comparée. Short remarks by <i>Gordin Kaplan</i> (Vice-President, Research, University of Alberta), <i>Henry Kreisel</i> (University Professor, University of Alberta), <i>Gerald Gillespie</i> (Professor of German and Comparative Literature, Stanford University), and <i>Hans Eichner</i> (Professor and Chairman, German, University of Toronto).

Saturday, 20 October

9:00 a.m.	<i>Milan V. Dimić</i> (University of Alberta) "Creations in an Alien Tongue: Romantic Poets and Foreign Languages."
9:30 a.m.	<i>José Lambert</i> (University of Leuven) "Romantic Poetry and Translation."
10:00 a.m.	COFFEE
10:15 a.m.	Round Table about possible lacunae in the project "Slavic Phenomena, Once More Forgotten?" <i>Roman Struc</i> (University of Calgary), Russian and Ukrainian; <i>Edward Mozejko</i> (University of Alberta), Polish, Czech, and Bulgarian; <i>Milan V. Dimić</i> , Serbian, Croatian and Slovene. "In All This: Where are the Results of Today's Methods in Literary Scholarship?" <i>Holger Pausch</i> (University of Alberta).
noon	LUNCH
2:00 p.m.	Workshop Discussion "Romantic Prose" <i>Milan V. Dimić</i> about the conceptual framework of the project, <i>Gerald Gillespie</i> about "Romantic Fiction," and <i>Frederick Garber</i> (SUNY at Binghamton) about "Romantic Non-Fictional Prose."
3:15 p.m.	COFFEE
3:30 p.m.	Romanticism within the ICLA "Comparative History of Literature in European Languages"—informal discussion, everybody welcome.
4:15 p.m.	<i>Milan V. Dimić</i> , Closing Remarks
Evening	Business meeting and supper for the editorial group (by invitation).

All papers should take 20 minutes, with 10 minutes reserved for questions and discussions. Interventions from the floor are welcome in the Round Table and Workshop, too.

The Symposium is open to scholars, graduate students, and the general public. The registration fee is \$35, \$20 for University of Alberta staff and \$15 for accompanying persons and students. The fee entitles each participant to attend and participate in question and discussion periods after papers are delivered, and to free coffee and lunch on both days of the meetings.

For further information and/or pre-registration, please communicate with the Department of Comparative Literature, 432-4926.

CITL Happy in its Work(shops)

The following workshops will be presented by the Committee for the Improvement of Teaching and Learning (CITL): "Principles of Effective Lectures" will focus on factors which contribute to effective lectures. The instructor is John Paterson, Department of Educational Psychology; the seminar will be held on 19 October from 10:30 a.m. to noon in 2-33 Humanities Centre.

Tuesday, 23 October (Part 1), and Tuesday, 30 October (Part 2), 2 to 4 p.m. in B-45 H.M. Tory Building, "Marking Written Assignments." This workshop is Part B of the "Construction and Processing of Multiple Choice and Written Tests," held on 16 October. The instructor will be J. Gilhooley, Testing and Remediation.

"Technical Services and Radio and

Television" will provide a brief overview of the services available from the Department of Technical Services—Audio Visual Services, Graphics, and Photo Services—on 24 October, 1:30 to 4:30 p.m. in 106 Education South. The session will be repeated on 1 November, starting at 9 a.m. in 165 Education South. The instructors will be W.H. Jopling, Technical Services and Radio and Television; D. Patten, Audio Visual Services; J. Ross, Graphics; D. Spearling, Photo Services; and K. Pappes, Radio and Television.

"Discussion Techniques in the Classroom" is the topic of 25 October's workshop, 1:30 to 4:30 p.m., in B-22 Faculty of Business Building. The instructor will be Ray Rasmussen, Business.

Based on research literature and ex-

perience, discussion will focus on the use of questioning, listening, reinforcing, and grouping techniques to get a large percentage of a class to participate effectively. On 31 October (3 to 4:30 p.m. in 2-33 Humanities Centre), a presentation on "Learning and Creativity" will be given by H.S. Green, Distinguished Visitor to the University of Alberta from the University of Adelaide. Affinities and antipathies between learning and creativity in individuals of outstanding learning and creative abilities will be discussed.

A workshop on "Computerized Literature Searching" will be offered in two parts, 6 November, 7 to 10 p.m., in W2 H.M. Tory Building, and 7 and 8 November, 7 to 10 p.m., in 351 General Services Building.

The workshop is designed to familiarize the researcher with the rationale behind computerized literature searching, its uses, and the method of "doing it yourself." Instruction will be given by Sandra Campbell, Lea Starr and Margo Young of the Library.

"Improving Student Communications," a seminar dealing with strategies to improve communications skills with students on a one-to-one basis, is scheduled for 7 November, 2 to 4 p.m., in 2-33 Humanities Centre.

The workshop "The Mature Student: An (Over) Simplified Label for a Complex Condition" will have at the issues and challenges of working with university students who have a variety of backgrounds and experience. It will be held on 8 November from 2 to 4:30 p.m. in 2-33 Humanities Centre. A discussion panel will be led by J.D. Small, Educational Administration.

The roles and needs of students and professors who deal with special students on campus will be discussed in "Special Needs in the Classroom: Needs and Services." 13 November, 2 to 4 p.m., 2-33 Humanities Centre. The panelists will be M.A. Bibby, M. Nicely, R. Sobsey, and a hearing impaired student.

"What Good Teachers Say About Teaching" will provide a forum whereby a number of recipients of the Rutherford Award for Excellence in Undergraduate Teaching will present their views and ideas on teaching. President Horowitz, Chairman, will be joined by panelists P.A. Field, Nursing (1984); M.J. Dunn, Business

(1984); J. Kuspira, Genetics (1982); F. Vermeulen, Engineering (1983); and S. Willard, Mathematics (1983).

Discussion will take place on 20 November, 2 to 4 p.m., in W2 H.M. Tory Building.

Finally, a PLATO workshop with hands-on experience will be offered on 4 December, 1 to 4 p.m., in 2-49 Medical Sciences Building. It will be led by Michael Szabo of Computing Services. □

Edulink and You

Have you been searching for a way to keep your children entertained during the onslaught of sub-zero temperatures? Do you wish that you could expand both your educational and leisure time at home? Computing Services has come up with an answer. It's called Edulink, and it enables subscribers in the Edmonton community to link up with the University's PLATO System.

Owners of IBM PC's with 1200-baud modems and graphic adaptors will be able to dial into the system and have access to nearly 7,000 hours of educational programs ("courseware") such as elementary mathematics, language skills, astronomy, accounting, even computer programming. PLATO also has the latest games. The system should please everyone, including families with school age children and adults seeking professional and personal development.

"PLATO wrote the book on user friendliness," says Dave Karpoff of Computing Services. "The courses offer high-resolution graphics and educator-written and evaluated courseware, making learning with PLATO both fun and exciting. Edulink subscribers will have access to the same huge catalogue of lessons as do Homelink subscribers in more than 150 U.S. cities," he said.

A \$40 registration fee covers the cost of the access disk, documentation and removable key labels for modifying the PC keyboard. During Edulink's pilot phase, the service will be available at \$3 per hour (the normal rate is \$5 per hour). Access to PLATO will be available weekday evenings and weekends, beginning 1 November. □

University of Alberta International Development Register

The President's Advisory Committee on International Development invites faculty and staff with experience/interest in international development to lend their expertise to the Register.

A publicly available data bank, the Register lists about 400 individuals at Alberta universities who have lived and worked for three months or more in countries other than Canada, the United States, and those of Western Europe. Each person listed is asked to update his or her section on an annual basis.

Other faculty and staff with similar interests and concerns can be consulted readily. Referrals to people listed in the Register allow Alberta universities to respond quickly and effectively to enquiries about international development.

You can search Register data by signing on to your MTS account and entering the command \$LIST PCI3:DINT.DOC To run the program, simply enter \$RUN PCI3:DINT

For further information or to join the Register, contact:

International Development Register
3-20 University Hall
University of Alberta
Telephone 432-5660

people

Muriel Whitaker (English) attended the 14th Congress of the International Arthurian Society in Rennes, France, 16 to 23 August, where she presented a paper (with slides) on "The Illustration of Malory's *Morte d'Arthur*." Her participation was supported by a grant from SSHRC under its International Relations program to support international scholarly cooperation.

Parameswara Krishnan (Sociology) participated in the recent annual meeting of the American Statistical Association in Philadelphia and contributed two papers, prepared jointly with graduate students *Jean Yeung*, *Shaffiqul Islam* and *Ed Ng*, to the conference. The papers dealt with fertility differentials by religion in India and patterns and model tables of unemployment.

Norman Page (English) recently gave invited lectures at the Universities of Edinburgh and Aberdeen.

At the Association of Universities and Colleges of Canada meetings in Saskatoon on 3 and 4 October, *Myer Horowitz* (President) was elected to serve on the Board for a period of two years.

At the University of Guelph on 5 October, *C. Fred Bentley* (Professor Emeritus of Soil Science) accepted an honorary Doctor of Science degree. Dr. Bentley, Chairman of the Governing Board for the International Crops Research Institute for the Semi Arid Tropics at Hyderabad, India, from its founding in 1972 to the present, also addressed Guelph's Convocation.

L.C. Green (University Professor) delivered the luncheon address to the annual meeting of the Alberta College of Physicians and Surgeons. His topic was "What is Life: What is Human?"

George Cormack (Electrical Engineering) was the recipient of an Arthur J. Schmitt Award to attend National Communications Forum/84 in Chicago, 24 to 26 September. He was one of about 25 faculty members from leading North American universities invited to attend three days of tutorial sessions aimed at bringing together some 3,000 communications specialists from industry and research

laboratories to discuss the latest advances in communications technology. The NCF underwrites the expenses of selected faculty members with the primary objective being to try to speed up the flow of up-to-date practical information from industry to the classroom.

On 5 October in Winnipeg, *Jay Bishop* (Educational Psychology) presented an invited paper entitled "Television Consuming Television and the Canadian Child" at "The Child in Social Context" symposium.

On the occasion of the tricentennial celebration of Pierre Corneille's death, various commemorative volumes are being prepared both in France and in the U.S. In October 1983, Les Editions ALTA, founded and directed by *M.L. Bureau* (Romance Languages), proposed a volume devoted to Cornelian scholarship in Canada. The reception of the project on the part of interested Cornelian scholars has been such that Dr. Bureau is already in receipt of most of the manuscripts intended for the volume, which will be appearing in fall 1985.

"*Sonny Shear Walls*." 331 Civil/Electrical Engineering Building.

26 October, 5 p.m. Professor Thürlmann, "New Concepts in the Design of Masonry Structures." 331 Civil/Electrical Engineering Building.

Canadian Institute of Ukrainian Studies

19 October, 7:30 p.m. Bohdan Kordan, "The UCDC Community Needs Study: Preliminary Conclusions." Heritage Lounge, Athabasca Hall.

Law

20 October, 9:30 a.m. Saturday Morning at the Law School presents a free public legal education seminar on "Starting a Business." 237 Law Centre.

Alberta Heritage Foundation for Medical Research

22 October, 11 a.m. William W. Kay, Department of Biochemistry and Microbiology, University of Victoria, "Tricarboxylate Transport in *Salmonella Typhimurium*." 2-27 Medical Sciences Building.

23 October, 4 p.m. D.J. Allen, School of Allied Health Sciences, Medical College of Ohio, Toledo, "Structural Alterations in Heart Grafts and Valve Bioprostheses." 6-28 Medical Sciences Building.

24 October, 4 p.m. O.-J. Grüsser, Professor of Physiology, Freie Universität Berlin, "Responses of Single Neurons in the Visual Cortex of Monkey." 762 Medical Sciences Building. Hosted by the Department of Physiology.

25 October, 3 p.m. O.-J. Grüsser, Visual Psychophysics and Retinal Physiology: Comparative Processes?" P-210 Biological Sciences Building. Hosted by the Department of Psychology.

1984 Gairdner Lecturer

22 October, 4 p.m. Martin Rodbell, National Institutes of Health, Bethesda, Maryland, "The Multiple Roles of GTP-Regulatory Proteins in Membrane Transduction." 2-27 Medical Sciences Building.

Slavic and East European Studies

22 October, 3 p.m. Dr. Neuhauser, "The Avant-garde in Russian Literature." Senate Chamber, Arts Building.

Music

23 October, 2 p.m. Patrick McCleless, University of Texas, "Schenker and the Norns." 2-34 Fine Arts Building.

Limnology and Fisheries Discussion Group

25 October, noon. Hal Hamilton, Alberta Environment, Calgary, "Factors Affecting Aquatic Plant Production in Southern Alberta Rivers." G-217 Biological Sciences Building.

Salter Reading Series

25 October, 12:30 p.m. Readings with Marie Moser (fiction), Sharon Carlson-Berge (poetry) and Silvano Zamaro (poetry). 2-42 Humanities Centre.

Arts

25 October, 4 p.m. R. Burch, "Philosophy and Literature: What is the Difference?" 5-20 Humanities Centre.

Slavic and East European Studies and CEESAA

25 October, 7:30 p.m. David Scheffel, "Survey of Russian Old Believers in Alberta." Heritage Lounge, Athabasca Hall.

Art and Design

26 October, 2 p.m. Tetsuya Noda, Japanese print artist, will lecture on his work. 2-20 Fine Arts Building.

Music

Department of Music

All events take place in Convocation Hall.

21 October, 8 p.m. The University of Alberta Symphonic Wind Ensemble—Dennis Prime, director. Adults \$4, students/senior citizens \$2.

26 October, 12:15 p.m. Visiting Artist—James Parker, piano. Adults \$4, students/senior citizens \$2.

26 October, 8 p.m. Faculty Recital—Two-piano recital with Alexandra Munn and Ernesto Lejano.

28 October, 8 p.m. St. Cecilia Orchestra—Malcolm Forsyth, conductor. Adults \$4, students/senior citizens \$2.

Exhibitions

Art and Design

Until 9 November. Works by Tetsuya Noda, Japanese print artist, on display. Second floor display case and 2-40E Fine Arts Building. For access and information, call 432-3011.

Ring House Gallery

Until 12 November. "The Widening Sphere: Women in Canada, 1870-1940." An exhibition of photographs, posters, official records and private correspondence from 1870-1940 which chronicles the diverse experience of Canadian women of all classes and ethnic backgrounds.

Edmonton Weavers Guild

27 October, 11 a.m. to 4 p.m. The Guild presents its annual exhibition, demonstration and sale of weaving and spinning. Admission: \$1. Lister Hall.

Films

24 October, 7:30 p.m. "Berlin Chamissoplatz" (1980). 17 Arts Building.

Radio and Television

Radio

Programs broadcast on CKUA radio 580 AM and 94.9 FM.

20 October, 7 p.m. University Concert Hall—interview and performance by Cathy Vickers, pianist.

14 October, 7:30 p.m. International Development—"The Role of Governments."

Television

Programs broadcast on ETV Q-9 and Shaw-13.

24 October, 8 p.m. "Managing the Information Explosion"—Library Science.

Sports

Soccer

19 October, 2 p.m. Golden Bears vs. Saskatchewan. Victoria Soccer Field.

Swimming

19 October, 5 p.m. Golden Bear and Panda—Green vs. Gold Time Trials. West Pool.

Hockey

19 and 20 October, 7:30 p.m. Golden Bears vs. University of British Columbia. Varsity Arena.
30 October, 7:30 p.m. Golden Bears vs. Japanese All-Stars. Varsity Arena.

Football

20 October, 2 p.m. Golden Bears vs. Calgary. Varsity Stadium.

Basketball

20 October, 7 p.m. Golden Bears vs. Alumni. Varsity Gym.

Matters of Faith

Catholic Campus Ministry

St. Joseph's College Mass Time, September to April. Monday, Wednesday, Friday - 7:30 a.m., 12:10 and 4:30 p.m.; Tuesday, Thursday - 7:30 a.m., 12:30 and 4:30 p.m.; Saturday, 4:30 p.m.; Sunday - 9:30 and 11 a.m., 4 and 8 p.m.

24 October, 7:30 p.m. Understanding Catholicism, "Sacraments of Initiation." Speaker: Brother Donatus Vervoort, ndl. Telephone Marcia, 433-2275, for more information.

Anglican - Presbyterian - United Chaplaincy

Tuesday Noon Study Group: Ventures in Faith; Thursday Noon Eucharist. Both events in Meditation Room, 158A SUB.

Lutheran Campus Ministry

Sunday Worship with Eucharist - 10:30 a.m., Meditation Room, 158A SUB.
Thursday Evening Worship - 7:30 p.m., Lutheran Student Centre, 11122 86 Avenue.
Noon Hour Bible Study - Wednesdays at noon, Meditation Room, 158A SUB.

Theatre

SUB Theatre

19 October, 8 p.m. Yamaha Pianos Coyne presents "Claude Dupras." For more information, call Mrs. Coyne at 451-3265.

22 October, 8 p.m. The Friends of the University of Alberta present the 1984 Henry Marshall Tory Lecture—Lord Asa Briggs, Provost of Worcester College, Oxford, "The Age of Broadcasting."

28 October, 8 p.m. "Kim Mitchell." Tickets at all BASS outlets.

Studio Theatre
